COMPLETE SPECIFICATION.

Medicated Printing Ink.

10 EMILY HOLLYER Teacher 110 Aireville Road Frizinghall Bradford Yorkshire do hereby declare the nature of this invention and in what manner the same is to be performed, to be particularly described and ascertained in and by the following statement :—

15 A medicated scented herbal printing ink, prepared by mixing the extracts or oils of the lesser celandine or pilewort, thyme, groundsel, and elder leaves, in the proportion of one in twenty each with four of sap green, and twelve of oil varnish to make a green printing ink.

The proportion of colouring matter and varnish may be varied & other ingredients added if necessary according to the consistency of ink required to print on various 20 qualities of paper.

But I think the above named proportions will best suit the quality of paper this ink is intended to be used upon, namely toilet paper.

The ink is intended to be used for printing & illustrating on toilet and the like papers for advertising purposes.

25 An owing to its soothing qualities for the relief and cure of piles and kindred disorders.

Having now particularly described & ascertained the nature of my said invention, and in what manner the same is to be performed, I declare that what I claim is.

30 1st. A medicated, & herbal, scented printing ink for the relief & cure of piles and kindred disorders.

2nd. Improved method of advertising by using before mentioned medicated printing ink for printing and illustrating advertisements and other matter on toilet & the like papers.
